**Re : Jean-Marie Klat**

Jean-Marie has spent the last 2 years supporting our endeavours to create a new Headquarters Building in Marne le Valle working as the Project Manager, coordinating and documenting all of the Contractual procedures throughout.

J-M has proved invaluable to the project, ensuring that everyone concerned has been kept up-to-date regarding their roles and responsibilities throughout.

Personally, I have found J-M to be knowledgeable, conscientious and accurate in everything he does.

He has been a joy to work with and I would not hesitate in recommending him to any future Client or employer.

Yours Sincerely
